COID MEDICAL TARIFFS GENERAL INFORMATION

1. POPI ACT COMPLIANCE

In terms of Protection of Personal Information Act, 2013 (POPI Act), the Compensation Fund wants to assure Employees and the Medical Service Providers that all personal information collected is treated as private and confidential. The Compensation Fund has put in place the necessary safeguards and controls to maintain confidentiality, prevent loss, unauthorized access and damage to information by unauthorized parties.

2. THE EMPLOYEE AND THE MEDICAL SERVICE PROVIDER

Medical Service Providers are advised to take note of the following as it pertains to the treatment of patients in relation to The Compensation for Occupational Injuries and Diseases Act of 1993 (COID Act):

- An employee as defined in the COID Act of 1993, is at liberty to choose their preferred Medical Service Provider and no interference with this is permitted. As long as it is exercised reasonably and without prejudice to the employee or The Compensation Fund.
 - a. The only exception rule is in case where an employer, with the approval of The Compensation Fund, provides comprehensive medical aid facilities to his employees, i.e. including hospital, nursing and other services — Section 78 of the COID Act refers.
- In terms of Section 42 of The COID Act, The Compensation Fund may refer an injured employee to a specialist medical practitioner, designated by the Director General for a medical examination and report.
- 3. In terms of section 76,3(b) of the COID Act, no amount in respect of medical expenses shall be recoverable from the employee.
- 4. In the event of a change of a Medical Service Provider attending to a case, the first treating doctor in attendance will, except where the case is transferred to a specialist, be regarded as the principal treating doctor.
- 5. To avoid disputes regarding the payment for services rendered, Medical Service Providers should refrain from treating an employee already under treatment by another medical practitioner without consulting/informing the principal treating doctor. As a general rule, changes of Medical Service Providers are not encouraged by The Compensation Fund, unless sufficient reasons exist for such a change.

- 6. According to the National Health Act no 61 of 2003, Section 5, a health care provider may not refuse a person emergency medical treatment. Such a Medical Service Provider should not request The Compensation Fund to authorise such treatment before the claim has been registered and liability for the claim is accepted by The Compensation Fund.
- An employee seeks medical advice at their own risk. If such an employee presents themselves to a Medical Service Provider as being entitled to treatment in terms of The COID Act, whilst having failed to inform their employer and/or The Compensation Fund of any possible grounds for a claim. The Compensation Fund cannot accept responsibility for the settlement of medical expenses incurred under such circumstances.
- 8. The Compensation Fund could have reasons to repudiate a claim lodged with it, in such circumstances the employee would be in the same position as any other member of the public regarding payment of his medical expenses.
- 9. Proof of identity is required in order for a claim to be registered with The Compensation Fund.
 - a. In the case of a South African citizen, a copy of a South African Identity Document.
 - b. In the case of foreign nationals, the proof of identity (Passport) must be certified.
- 10. All supporting documentation submitted to The Compensation Fund must reflect the identity and claim numbers of the employee.
- 11. The completion of medical reports cannot be claimed separately, fees quoted in the COID medical tariffs are inclusive of medical report completion.
- 12. The tariff amounts published in the COID medical tariffs guides, for services rendered do not include VAT unless otherwise specified. All invoices for services will therefore be assessed without VAT.
 - vAT will be applied without rounding off, to invoices for service providers that have confirmed their VAT vendor status through the submission of their VAT registration number.
- 13. All Medical Service Providers transacting with The Compensation Fund will be subject to a vetting process
- 14. All Medical Service Providers must ensure that they are compliant with the Board of Health Funders to avoid payments being due to them being withheld.
- 15. Medical Service Providers may be requested to grant The Compensation Fund access to their premises for auditing purposes.

3. OVERVIEW OF COID CLAIMS PROCESS

All claims lodged in the prescribed manner with The Compensation Fund undergo the following process:

- New claims are registered by the Employers with The Compensation Fund. Details
 and progress of the claim can be viewed on the online processing system for
 registered online users.
- The allocation of a claim number after the registration of the claim by The Compensation Fund, does not constitute acceptance of liability. It confirms the injury on duty has been reported and receipt acknowledged by The Compensation Fund.
- In the event of insufficient claim information being made available to The Compensation Fund, the claim will be rejected until the outstanding information is submitted.
 - a. Please note that there are claims on which a decision might never be taken due to the non-submission of outstanding information.
- 4. If a claim is repudiated in terms of the COID Act medical expenses for services rendered, will not be payable by The Compensation Fund. The employer and the employee will be informed of this decision and the injured employee will be liable for payment of medical costs incurred
- 5. Reasonable medical expense in terms of the COID Act, become payable subsequent to the acceptance of liability by The Compensation Fund.
 - a. Reasonable medical expense shall be paid in line with approved tariffs, billing rules and procedures published in COID medical tariffs.
 - b. Only medical treatment related to the injury/disease shall be payable.
- 6. Reasonable medical expenses for COID claims where liability has been accepted (adjudicated) on or after 01 April 2024:
 - a. All medical invoices for accepted claims must be submitted, in the prescribed manner within 24 months of the date of acceptance of liability. Medical invoices received after said time frame, will be considered as late submission of invoices.
 - b. Payment may be rejected/withheld for medical invoices that fail to meet the requirements as set is 6(a).

4. COID REGISTRATION REQUIREMENTS FOR MEDICAL SERVICE PROVIDERS

The Compensation Fund requires that any Medical Service Provider who intends to treat patients in terms of the COID Act, must register this intent by following the registration process as below:

- 1. Copies of the following documents must be submitted to the nearest Labour Centre
 - a. A certified Identity Document of the practitioner.
 - b. Certified valid BHF certificate.
 - c. Their most recent bank statement with the bank stamp.

| | ns, deletions and revisions |
| | A summary listing all additions, deletions and revisions applicable to this schedule is found in Appendix A. New Tariff codes added to the schedule are identified with the symbol * placed before the Tariff code. In instances where a tariff code has been revised, the symbol * is placed before the Tariff code. |
| Tooth is | dentification and designation of areas of the oral cavity: |
| | Tooth identification and designation of areas of the oral cavity is compulsory for all invoices rendered. Tooth identification is applicable to procedures identified with the letter (T), and other designation of areas of the oral cavity with the letter (Q) for a quadrant and the letter (M) for the maxillary or mandibular area in the mouth part (MP) column of the Dental Coding. The International Standards Organisation (ISO) in collaboration with the FDI designated system for teeth and areas of the oral cavity should be used. For supernumeraries, the abbreviation SUP should be used. |
| Treatme | ent categories: |

RESIN-BASED COMPOSITE RESTORATIONS

Resin refers to a broad category of materials including but not limited to composites and may include bonded composite, light -cured composite, etc. Light - curing, acid etching and adhesives (including resin bonding agents) are included as part of the restoration.

Glass ionomers/compomers, when used as restorations should be reported with these tariff codes .

If pins are used, they should be reported separately. See tariff codes 8345, 8347 and 8348 for post and/or pin retention.

The fees are inclusive of direct pulp capping (tariff code 8301) and rubber dam application (tariff code 8304)

CROWNS-SINGLE RESTORATIONS

Use these tariff codes for single crown restorations.

See the Fixed Prosthodontic Service section for crown bridge retainers and the Implant Services section for crowns on osseo-integrated implants. Porcelain/ceramic crowns include all ceramic, porcelain and porcelain fused to metal crowns. Resin crowns and resin metal crowns include all reinforced heat and/or pressure-cured resin materials.

Metal components include structures manufactured by means of conventional casting and/or electroforming.

Temporary and/or intermediate crowns, the removal thereof (provisional crowns included) and cementing of the permanent restorations are included as part of the restorations.

D. ENDODONTICS

- * Preamble:
- 1. The Health Professions Council of SA has ruled that, with the exception of diagnostic intra -oral radiographs, fees for only three further intra -oral radiographs may be charged for each completed root canal therapy on a single -canal tooth; or a further five intra -oral radiographs for each completed root canal therapy on a multi -canal tooth.
- 2. The fee for the application of a rubber dam (See tariff code 8304 in the category "Adjunctive General Services") may only be charged concurrent with the following procedures:
- Gross pulpal debridement, primary and permanent teeth, for the relief of pain (tariff code 8132)
- Apexification of a root canal (tariff code 8305)
- Ceramic and or resin inlays (tariff codes 8371 to 8374)
- Pulpotomy (tariff code 8307) Complete root canal therapy (tariff codes 8328, 8329 and 8332 to 8340)
- Removal or bypass of a fractured post or instrument (tariff code 8330).
- Bleaching of non vital teeth (tariff codes 8325 and 8327) and
- Ceramic and or resin inlays (tariff codes 8371 to 8374)
- 3. After endodontic preparatory visits (tariff codes 8332, 8333 and 8334) have been charged, fees for endodontic treatment completed at a single visit (tariff codes 8329, 8338, 8339 and 8340) may not be levied.
- 4. Where tariff code 8132 is charged, no other endodontic procedures may be charged at the same visit on the same tooth. Tariff codes 8338, 8329, 8339 and 8340 (single visit) may be charged at the subsequent visit, even if tariff code 8132 was used for the initial relief of pain.
- 5.No other endodontic procedure may, in respect of the same tooth, be charged concurrent to tariff code 8307 and a completed root canal therapy should not be envisaged (tariff code 8304 excluded)

| | Also known as a root form implant; endosseus or an osseo integrated implant. This procedure involves: (1) the surgical placement of a one stage and/or the first stage of a two stage surgery endosteal implant (fixture) and (2) the placement of a healing abutment/cap (when appropriate). Tariff code 9183 includes the surgical placement of a one-piece endosteal implant (incorporating both the implant and integral fixed abutment) and should also be used to report the placement of an endosteal plate form implant. In such instances laboratory fees applies. See tariff code 9190 hereunder for second stage surgery and tariff code 9189 to report the cost of the endosteal implant body. | | | | | | |

| | This procedure involves the (1) surgical re - exposure (uncovery or second stage surgery) of that portion of the submerged endosteal implant that receives the attachment device, and (2) the connection of a healing abutment or temporary prosthesis. This is usually done after the implant has matured in the bone for several months. The purpose of a healing abutment or collar is to create an emergence profile in the gum tissues for the future implant crown. Some implants are designed to remain exposed in the mouth right after they are placed, abolishing an uncovery procedure. See tariff code 9189 to submit the cost of other implant components. | | | | | | |
